

# StayOn\_

A more inclusive, active and creative world!

## What is our goal?

StayOn's objective is to create conditions that enable young people to "stay on" rural areas by ensuring access to opportunities, benefits, services, and jobs.

## GREECE

### Youth Unemployment rates in 2021

### Driving forces

- Demographic factors • State of the economy
- Type of education • Poor skills

- Types of contracts

- Skills mismatch

→ **Crucial potentials**

### What we need to do:

- guide youth in setting up businesses or finding non-traditional ways to create opportunities with better conditions in the formal sector
- offer formalization advice services aimed at counteracting undeclared work and related poor conditions
- follow Greece's mismatch priority occupations and prioritize local needs when developing training courses and curricula that offer technical skills, especially in the agricultural field
